

TRAINING COURSE

Effective SAR System Oversight

Introduction

This course is delivered in cooperation with Search and Rescue International (Ltd).

A 4-day workshop designed to give the student a thorough understanding of the concepts and principles of Compliance Monitoring, Auditing Techniques and Oversight specific to a SAR environment. The course is presented by instructors with first hand experience in Search and Rescue Operations, Aviation management and Regulations and Quality/Compliance Monitoring Systems.

Learn how to develop and implement an effective compliance monitoring or quality system specific to Search and Rescue at State and/or Organisational level, to allow you to verify your levels of compliance with relevant regulations and to gauge your organisations' effectiveness.

COURSE DURATION

4 days course, starting at 9:00 and finishing at 17:00.

TARGET GROUP

SAR Tasking Agency staff from MRCCs, ARCCs and JRCCs; NAA (Competent Authority) Inspectors;
