

TRAINING COURSE

EASA Air Operations Management for Helicopters - Recurrent Training

Introduction

EU regulations impact competent authorities, commercial and non-commercial helicopter operators. Additionally, Member States may also decide to apply the relevant provisions of the new basic regulation 2018/1139 to public interest activities such as firefighting, police, border control & customs, SAR.

This course reviews the structure and basic principles of the relevant regulations and covers the detailed scope of the requirements and future rulemaking developments. It is designed to provide continuity and refresher training for those involved in all helicopter operations activities.

COURSE DURATION

3 days - each day will commence at 09.00 and ending at approximately 17:00, with appropriate refreshment breaks.

TARGET GROUP

- Helicopter operator management team personnel (AOC/NCC/NCO/SPA/SPO).
- Non-aviation personnel involved in the contracting of activities ('State' and commercial) to helicopter service providers.
- Competent Authority staff.
