ICAO TRAINAIR PLUS - GSI Operations - Air Operator Certification - 18700

Introduction

The Government Safety Inspector (GSI) Operations - Air Operator Certification (OPS) course was developed as a collaborative effort between the International Civil Aviation Organization (ICAO) and the Federal Aviation Administration (FAA) in order to provide operations, airworthiness, and personnel licensing aviation safety inspectors, on a worldwide basis, with uniform skills and knowledge to conduct specific safety oversight functions.

This 14-days course, designed for operations inspectors, covers the basic concepts and steps involved in certificating an air transport operator.

Participants will be taught the five-phase certification process based upon ICAO Standards and Recommended Practices (SARPs) and Model Civil Aviation Regulations (MCARs).

🕐 COURSE DURATION

14 days, starting at 09.00 and finishes around 17.00.
