

TRAINING COURSE

ICAO TRAINAIR PLUS - Post-Training Evaluation (PTE): Virtual Classroom

Introduction

This course will provide CATC personnel with the necessary knowledge, skills and attitude to implement the TRAINAIR PLUS Level 3 Post-Training Evaluation (L3 PTE) processes, measure the impact of delivered training on work performance, and enhance the quality of developed courses and implemented training processes.

The training package includes 5 days of virtual training with synchronous and asynchronous activities.

The training package offered by JAA TO **excludes** the 5 days of remote technical assistance. The technical assistance needs to be purchased from ICAO separately, allowing individual delegates from separate organisations to register for the initial, general virtual training as scheduled by JAA TO, whereas the need for technical assistance depends on the delegate's/organisation's separate specifications.

COURSE DURATION

5 days/30 hrs

TARGET GROUP

Primary Target Population

1. TRAINAIR PLUS course developers and training professionals implementing a competency-based methodology in course development;
2. Instructors; and
3. Training managers, supervisors and professionals who are in charge in operations of training centres.

Secondary Target Population

Other personnel related to training operations interested in the application of the TRAINAIR PLUS post-training assessment model.
