

TRAINING COURSE

EASA Air Operations Management Team Workshop - Nominated Person Ground Operations

Introduction

This workshop replaces the earlier Nominated Postholder Ground Operations Training Course.

Have you just been promoted to the position of Nominated Person Ground Operations but you still have to do your Form 4 interview? What do the EASA regulations say about your position? Could you use some help with navigating the EU regulatory system?

The Management System for an AOC holder's Flight and Ground Operations requires fully effective processes. The Nominated Person for Ground Operations is responsible for a wide range of safety-critical processes.

As such, this industry-specific 3-day program was designed for Air Operations Management Team personnel and specifically tailored for the Nominated Person for Ground Operations. The workshop will provide training in Management approaches and techniques in order to achieve effective Ground Operations.

The workshop is highly interactive and promotes practices that have become benchmarks in the industry. It serves as preparation for authority interviews and is also a platform for exchanging experiences with peers in a confidential environment.

COURSE DURATION

3 days starting at 09:00 and ending at 17:00 on the first 2 days, and ending at 15:00 on the 3rd day to allow for testing.

TARGET GROUP

- Nominated Persons for Ground Operations and their deputies
- Competent Authority staff
