

TRAINING COURSE

ACI - GSN 4: Working with Annex 14

Introduction

This course provides airside safety personnel and planners who have already gained a basic knowledge of airport operations and aerodrome design and who will be required to implement the Standards and Recommended Practices contained in ICAO Annex 14 either through their Safety Management System or as part of new aerodrome development.

Note: ACI Members and Least Developed Countries (Members) are eligible for discounts on course tuition which will be processed during registration. Please contact our [Training Department](#) via training@jaato.com. More membership details [here](#).
