

TRAINING COURSE

ACI - Developing a Customer Service Culture at Airports: Measuring and Benchmarking the Results

Introduction

This course explores how to integrate the airport's mission/vision, master plan, airport brand and customer service delivery, and create the necessary alignment between all essential players (airport operator and the entire airport community) to achieve excellent results. These include enhanced customer experiences, improved customer satisfaction, a more positive airport image, stakeholder involvement and buy-in, and increased net revenues. The course examines techniques and principles and how to use them to achieve the very rewarding benefits that come from excellent customer experience management.

Note: ACI Members and Least Developed Countries (Members) are eligible for discounts on course tuition which will be processed during registration. Please contact our [Training Department](#) via training@jaato.com. More membership details [here](#).
