

TRAINING COURSE

ICAO TRAINAIR PLUS - Air Cargo Safety Management (ACSM EN)

Introduction

This course will provide personnel at Civil Aviation Authorities at the State level with the competencies to establish and maintain a Dangerous Goods Safety Programme to support the safe operation of aircraft in accordance with Annex 18, The Safe Transport of Dangerous Goods by Air.

The competencies developed will be integral to the effective implementation of a State Safety Programme.

COURSE DURATION

5 days, starting at 09:00 and ending at approximately 17:00

TARGET GROUP

Primary Target Population

This course is designed for current and prospective personnel at the State level involved in supporting the safe transport of cargo (including Dangerous Goods) by air.

This includes, but is not limited to;

- Personnel involved in oversight and administration of regulations to the transport of dangerous goods by air
- Aviation Safety Inspectors
- Dangerous Goods Specialists
- Flight Operation Managers and Supervisor

Secondary Target Population

Personnel at CAA supporting safety risk management activities associated with the safe operation of aircraft.
