

TRAINING COURSE

Flight Data Monitoring/Flight Data Analysis Programme (Intro)

Introduction

This two day course will provide participants with an insight into how to set up and run a FDM/FDA (a.k.a. FOQA) Program, under the present ICAO/EU framework. The trainer will show how FDM can be used to identify precursors to "Overruns and Runway Excursions"; one of the UK CAA's "Significant Seven".

NAA personnel holding an OPS and/or Flight Safety Post and Operations or flight safety staff will benefit the most from this course. It is also beneficial for third party personnel with operations and flight safety experience.

COURSE DURATION

2 Days: The course times will be 09:00 - 17:00 hrs, or 08:00 - 16:00 hrs. You will be informed of the course times and login details to the virtual environment by email latest 2 days prior to the virtual course's starting date.

TARGET GROUP

1. National Aviation Authorities:
Staff Members performing duties and responsibilities in line with the scope of this course.
2. International organisations:
Operational and flight safety personnel
3. Operators and Service Providers:
Operator's operations and flight safety personnel; and also providers of relevant operational products or relevant services for operators.
