

TRAINING COURSE

Fast Track Programme EASA Part-M, Part-CAMO, Part-145, Part-66/147

Introduction

This course is a combination of the following 3 courses:

- EASA Airworthiness Management (Part-M with Part-CAMO) training, focussing on the Continuing Airworthiness Management requirements for licenced air carriers (EC 1008/2008) and for owners/operators of complex motor-powered aircraft,
- EASA Part-145 training, which covers all aspects of Part-145, Maintenance organisation, and
- Part-66/147 training, reviewing Part-66 (Aircraft Maintenance Licence requirement) /147 (Approved Maintenance Training Organisations) and which elaborates on the role of EU Member States.

*Note: A **separate** JAA TO training is available for maintenance of other than complex motor-powered aircraft not used by licenced air carriers according to EC 1008/2008; this is the EASA General Aviation Maintenance and Airworthiness Management (Part-M, Part-CAO Part-ML).*

COURSE DURATION

5 days, starting at 09:00 and ending at approximately 17:00.

TARGET GROUP

Because of the build-up of this course combination, it is useful for both new and experienced professionals from industry and authorities.
